

WILSON RECEIVES PHOTOGRAPHERS AT THE WHITE HOUSE

Banquet Tonight Is Planned to Be Entirely Out of the Ordinary.

LECTURES THIS AFTERNOON

Miss Pearl Loehr Demonstrates Home Portrait-Making—Exhibition Rooms Thronged.

President Wilson received at the White House this morning at 10 o'clock the members of the Photographers' Association of the Middle Atlantic States. The reception was arranged by the local committee in charge, cards of invitation for the delegates having been distributed yesterday when credentials were presented at the opening session of the photographers' convention.

The second important feature of the day which has been surrounded with more or less mystification by the committee in charge, will be the banquet tonight at the Raleigh. The banquet committee announces that this affair will be entirely out of the ordinary.

Addresses This Afternoon. This afternoon the photographers are devoting their time to several important details of their business that about which they believe they have much still to learn.

An important feature of the afternoon program was the illustrated talk by Miss Pearl Grace Loehr, of New York, on portrait-making in the home as the subject. Miss Loehr has had considerable experience in this work and has developed some revolutionary methods of lighting and posing. A number of large pictures were used by her to explain what she meant.

She is trying to bring out a new idea in photography, she declares, which will commend itself especially to the artists of the profession.

In her portraits, she declares, she tries to secure the same values of light and shade that a painter does. She places great stress on character rather than beauty.

Clifford K. Barryman, the cartoonist, gave a short talk, illustrated with his rapid work in caricature.

An address on art values in photography was made by E. Myer Silverberg, of Pittsburgh.

The exhibits in the large ballroom at the Willard are attracting large numbers of visitors and considerable attention from the visiting photographers.

Much favorable comment has been expressed by visitors. Attendants in charge of the Times exhibit state that visitors have pronounced it of great educational value to the photographer.

This exhibit was designed to show just what sort of photographs make the best newspaper illustrations and what sort do not.

"Copy" for Newspapers. The steps taken in making a newspaper cut are shown in detail, and the process is explained. Samples of artistic photographs that are beautiful specimens of art but poor copy for newspapers are shown, and beside them are types of photographs that make good copy.

Yesterday afternoon Felix Mahoney, the Washington artist, addressed the convention under the auspices of The Times and called attention to the light values that must be considered in making prints for newspaper illustration, as distinguished from the light values in purely artistic productions.

Mr. Mahoney called attention to the fact that artistic photographs can be reproduced—but they must be prepared with special view to sharp contrast and clear definition of the subjects.

"Pay All Creditors, Save Grocer," Wrote Suicide. SAN FRANCISCO, March 22.—"Pay all my creditors but the grocer. He's cheated me for the last ten years, and deserves to be stung."

The above was written in a farewell note left by David H. Rhinehart, sixty years old, a poultry raiser, who ended his life by shooting himself in the head on Lombard street wharf.

Illness and financial troubles were given as the reasons for Rhinehart's suicide.

German Army to Rule On Styles for Milady. BERLIN, March 22.—Germany has started war on women's fashions. The large consumption of cloth in prevailing styles has inspired army authorities to call a conference to influence future fashions for economy in materials.

The ministry of war is not attacking styles already in vogue.

Planning For "Big Drive" Of Suffragists Into West After Mass Meeting Here

MISS ELLA REIGEL.

One of the busiest women in Washington today is Miss Ella Reigel, of Philadelphia, suffragist, who is putting in practically every minute of her time at the headquarters of the Congressional Union for Woman Suffrage preparing for the mass meeting here April 3 and the "big drive" into the West immediately thereafter.

Miss Reigel is the executive head of the movement and on her falls the responsibility of mapping out the itinerary, arranging all details for the meeting and leading the thirty-six delegates into the West to organize their voting sisters into a national woman's party.

Not only is Miss Reigel giving up her whole time to this work, but she also has the distinction of being one of the most liberal contributors to the fund for defraying the expenses of the campaign. In addition to this, Miss Reigel recently contributed \$1,000 toward the fund for Federal amendment work in Washington.

Her Musical Fingers Won Deaf Mute's Heart

DES MOINES, March 22.—Love tugged at the heart of Frank Roberts, wealthy Boston manufacturer, fifty-five years old, when he "heard" Mrs. Nellie Birney Ellis, of Greene, Iowa, "sing" "Nearer, My God, to Thee." After a two weeks' courtship they were married.

Roberts is a deaf mute. His bride "sang" in the sign language. The courtship was conducted in the sign language, and the sign language was used when the wedding ceremony was performed.

"Copy" for Newspapers. The steps taken in making a newspaper cut are shown in detail, and the process is explained. Samples of artistic photographs that are beautiful specimens of art but poor copy for newspapers are shown, and beside them are types of photographs that make good copy.

MISS WILSON SPEAKS ON FORUM QUESTION

Right of Each Community to Regulate School Use Is Explained.

Miss Margaret Wilson last night attempted to remove the misunderstanding of the Johnson School forum bill, which arose over the Grover Cleveland forum's refusal to meet in a public school on Sunday. Miss Wilson spoke before the Congress of Mothers at the Raleigh.

She explained that the purpose of the bill was to recognize legally the right of the people of each community to use the public schools for their public meetings. Refusal of certain authorities to permit the use of a school on a certain day should not be allowed to obscure the broad question of establishing the forum.

The bill would establish geographical boundaries around each school, and the people in each section thus formed would have exclusive authority to determine the school's use as the public, subject to the restriction that the building's use should not interfere with education of the children.

Lighting, heating, and other incidents of making the school usable at the hour the public needed it would be paid out of the public treasury. If any one of you reads this bill and there is any democracy in you you will believe in it," declared Miss Wilson in conclusion.

Mrs. Louise Harding Earl, with three little girls from her Bible classes, demonstrated the use of her system of Bible charts.

Election of officers for the congress was postponed until the April meeting.

Mrs. La Follette Will Speak Before Forum

Congressman James Frear of Wisconsin and Mrs. Robert M. La Follette will be the principal speakers before the Grover Cleveland Community Forum at the Public Library on Sunday afternoon.

Congressman Frear will speak on "Pork or Honesty in Legislation." The discussion will be opened by Mrs. Benton Mackaye, prominent in the national women's movement.

Following an address on "The Community Forum—An Important to Women As the Vote," by Prof. Edward Ward, of the Bureau of Education, the Excelsior Library Club at its meeting at the Covington apartment yesterday, introduced the Johnson forum bill.

Fish So Plentiful Are Seined With Bird Cages

PORTLAND, Ore., March 22.—A phenomenally heavy run of fresh-water smelts is reported from the Cowlitz river in Washington, near here. According to fishermen the smelt are more plentiful than at any time for several years past. They are being scooped up from the water in buckets, inverted bird cages and other improvised appliances.

Near-by markets including Portland, are glutted today, and the wholesale price dropped to 75 cents a box of fifty pounds.

CARNIVAL HELD FOR SETTLEMENT HOUSE

Spirit of Beaux Arts Ball Revived in Dancing, Skating, and Singing.

The spirit of the Beaux Arts ball was revived last night at the Arcade when more than 700 persons, including many leaders of society, danced, skated, sang, and made merry generally at the carnival given for the benefit of the Neighborhood House.

The big hall had been elaborately decorated and presented a gay spectacle by midnight, when the fun had reached its height, and hundreds of fancy costumed couples danced in the center, while scores of others circled about them on roller skates.

From the boxes the spectacle was witnessed by older couples who followed closely the antics of their sons and daughters, and applauded the numerous fancy dancing and skating exhibitions.

Mingling with the crowd of dancers and skaters and passing in and out among the boxes were young women selling candy, cigarettes, and souvenirs to swell the fund for the Neighborhood House.

Among the special features was a repetition by Mrs. Harold Walker of the Spanish dance, which proved so popular at the Beaux Arts ball, and the "Firefly" dance by Baroness von Winkie and Miss Ruth Anderson.

Miss Juliet Crosby was particularly attractive as a gypsy girl, and passed through the boxes singing gypsy folk-lore songs.

Dancing and skating were suspended shortly after midnight, when supper was served, after which the music started once more and the frolic began anew.

Among those in the skating group were Miss Helena Elliott, Miss Ruth Patterson, Robert Patterson, Viscount de Sibour, Mrs. Delos Blodgett, Miss Lillian Hendrick, Frank K. Lane, Jr., Eowie Clarke, Newbold Foyes, Miss Elizabeth Wiley, Miss Lucy Burleson, Frederic Hildekover, the Misses Downing, Mrs. Edwin Pilson, Miss Carolyn Ogden Jones, Miss Marjorie Holmboe.

The dancers included Miss Hinchley, Mrs. Chauncey Steward, Mrs. Newbold Noyes, Mr. de Hedri, Mr. Lefevre, Frederic Bulkley Hyde, Leigh Jones, Miss Adelaide Heath, Miss Georgia Schofield, Miss Beatrice Clover, and Miss Mary Morgan.

Mrs. Francis Becker Moran entertained in her box, Gen. and Mrs. George Barnett, Mr. Robert Hinchley, Judge Martin Knapp and Admiral and Mrs. Harris. Admiral and Mrs. Richardson Clover entertained a party in their box, though their guests being Miss Gladys Hinchley, Charles Richardson, and Miss Beatrice Clover.

THIEF TAKES JEWELS; SEEN, MAKES ESCAPE

Breaks Into Home of Lieut. Com. Reynolds—Looks Himself in Small Mirrors.

Detailed descriptions of several hundred dollars' worth of jewelry, the fruits of a bold "second story job," were sent out today.

The jewelry is the property of Lieut. Com. W. H. Reynolds, of the flagship Virginia. His home, 228 Q street north-west, was entered last night, while his family were at dinner, Commander Reynolds being absent on duty.

The intruder, discovered by a maid, locked himself in the middle room on the second floor, and made his escape by a window.

The stolen jewelry included: One lavalliere, containing a large baroque pearl set in platinum, with gold rope chain attached, valued at \$50; one lavalliere fleur-de-lis set with amethysts, \$20; one lavalliere set with ten pearls and thirty small diamonds, \$100; together with five pins, three rings, three shirt studs, and three stickpins to a total value of \$150.

Central Office Detectives Cornwell and Berman, assigned to the case, say the thief entered a vacant house next door to the Reynolds' home. Going to the second floor he opened the bathroom window and, climbing out on the sill, stepped across a narrow air well to the sill of a window in the middle room of the Reynolds' home.

Shortly after 7 o'clock Mrs. Reynolds' nurse went to the second floor, and saw a man, whose color the maid could not determine, step from Mrs. Reynolds' room. The maid gave the alarm, but the burglar was not seen again.

rice Clover. Mr. and Mrs. Charles J. Bell also entertained a box party.

Among the many unique costumes was one worn by Mrs. John J. White, whose gown was of purple, gold and white, the official colors of the Congressional Union for Woman Suffrage, of which she is an officer.

Others present included Mrs. Robert Baker, Mrs. Paul Bartlett, Mrs. Sinclair Bowen, Mrs. Ward Brown, Mrs. Albert S. Burleson, Mrs. Richard Burleson, Mrs. Richardson Clover, Mrs. Murray Cobb, Mrs. Frederick Delano, Madame Elengren, Mrs. Gibson Fainstock, Mrs. John C. Freemont, Miss Amyrill Gillett, Mrs. Chauncey Hackett, Mrs. Christian D. Hemmick, Mrs. Charles R. Howry, Mrs. David Jayne Hill, Mrs. E. S. Hitt, Mrs. Hennen Jonnings, Mrs. Dickenson Jewett, Mrs. Theodore Noyes, Mrs. George O'Dell, Mrs. M. Samuel Reber, Mrs. George Rubie, Miss Siebert, Mrs. Thomas Sweeney, Mrs. Walter Tuckerman, Miss Vinton, Mrs. Harold Walker, Mrs. Charles Boughton Wood, and Mrs. Arthur Lee.

Most Better, Thank You. McCONNELLSVILLE, Ohio, March 22.—A local paper carries the following announcement: "We are not going to tire

Valuable Health Hints

The Roosevelt Conservation Commission on national vitality indicated in their report that in the United States every year there are 600,000 deaths which should not have occurred.

Think of it! 1,444 deaths every twenty-four hours which should have been prevented—a Titanic a day. Is it not frightful to contemplate?

Their report also indicated that at least half of the 2,900,000 sick beds constantly kept filled in the United States should not be needed.

Many people fall ill and die because they do not know how to keep well, while others simply neglect to apply to themselves their knowledge of the laws of health.

When you realize that impure, impoverished or impaired blood is the prime cause of disease, you will understand the importance of keeping your blood pure and vigorous, and if it has gotten in bad shape from any cause, you must quickly realize the very great importance of getting it back in good condition without delay. The surest and safest way that has been found to keep the blood pure and also to make it pure after it has become impure is to take S. S. S.—the Standard Blood Remedy for fifty years. Do you know that?

RHEUMATISM is not just a local soreness? The pain in the muscles or joints is merely a symptom—the cause is much deeper.

Rubbing the sore spot with oils or liniments may bring a certain amount of temporary relief but the disease is still in the system and the pain will come back. Rheumatism is poison in the blood—that poison must be removed before the disease can be cured. It can be removed by using S. S. S., which acts directly on the blood—purifying it and removing the poisons that cause the disease. S. S. S. is purely vegetable and not only purifies the blood but is a splendid tonic for the entire system.

CATARH. The symptoms of Catarrh are most frequently treated instead of treating the disease itself. Catarrh is the result of impurities in the blood—these impurities must be removed before the disease can be cured.

The most common symptom of Catarrh is an inflamed and tender condition of the breathing passages and the blocking of throat and nostrils with mucus.

The use of washes, nasal douches and creams merely ease the local irritation but do not reach the disease.

To cure Catarrh you must go to the seat of the trouble—the blood—and cleanse and purify it with S. S. S. Its action is to cleanse and strengthen the blood corpuscles so they fight off the disease.

PIMPLES AND SORES. Diseases of the skin are caused by poison-

our patient readers by naming those who are sick but, with all respect to our sick, we will say those who were sick last week are slightly improved; exceptions, however.

POISONED BLOOD.

As stated in the introduction, the cause of most diseases is poison-infected blood. You cannot have a healthy body if you have impure blood running in your veins. The blood is the great source of nourishment for all flesh tissues. When the blood is not pure it carries poisons and impurities to all parts of the body causing local life that cannot be cured until the blood is purified. Impure blood shows itself in many ways—lack of energy—loss of appetite, sleeplessness, and all evidence of an impaired condition of the blood.

S. S. S. has been sold for fifty years and is known far and wide as the surest remedy for all blood troubles. It is nature's remedy, being made from roots and herbs—and acts directly upon the blood corpuscles making them pure and healthy so they can do their work in fighting off disease and toning up the entire system.

MALARIA. Malaria is a poisonous germ which gets into the blood from external sources and is most powerful for evil in those constitutions which are saturated with other poisons already present in the blood. It is more apt to attack those whose blood is impoverished or impure from any cause, than those whose systems are normal and whose blood is pure.

The best treatment for this prevalent malarial fever is that which will destroy malarious germs in the blood, together with all other poisonous material that may be present.

S. S. S. will purify your blood and cleanse it of all impurities. If you suffer from Malaria, don't lose any time getting a bottle of this wonderful medicine.

REMEMBER. S. S. S. is guaranteed to be purely vegetable and while cleansing your blood of all impurities it will act as a tonic for your entire body, building up your physical and nervous system.

This wonderful medicine is prepared only by Swift Specific Company, 25 Swift Building, Atlanta, Ga. Write for special booklet and if medical advice is wanted, write for that also to address given above. Books and medical advice are free.—Adv.

PERUNA in Your Home

A housewife must give the first aid in colds, coughs and other ailments. Her promptness in applying the remedy often saves a serious illness. Her experience with remedies has led her to know that PERUNA is always reliable, that she should have it on hand for the immediate treatment of coughs and colds, and that it is always to her.

Mrs. George Parker, 419 Water St., Menasha, Wis., writes: "We have used Peruna in our family for a number of years, and have found a perfectly reliable medicine. It soon rid the system of any trace of a cold, and prevents serious consequences."

"I began using it for catarrh, which I suffered with for good many years, but had not been very serious until recently. Since I have taken Peruna the dropping in my throat has discontinued, and my head and nose are not so stopped up in the morning. I am now as healthy as a horse, and shall continue to use it until I am entirely rid of catarrh."

"I heartily recommend it as an honest medicine." What it does for you is ready to do for you.

The Family Safeguard

The experience of one woman, given herewith, is typical of thousands of letters that reach the Peruna Company from grateful friends who have found their homes incomplete, and their family safety in danger without PERUNA.

Colds and Catarrh

The great weight of testimony that has accumulated in the 44 years that PERUNA has been on the market proves it, beyond question, to be the reliable family remedy, ever ready to take, preventing the serious effects of colds, coughs, grip and derangements of the digestive organs. This proof is published from time to time and many families have profited by it.

Remember you can obtain PERUNA in tablet form for your convenience. Carry it with you and be fortified against sudden attacks.

The Peruna Company, Columbus, Ohio
